1. From 1965 until 1975, the allowance for the first and second child was paid only to employee families, and for this period there is no breakdown for the first and second child separately.
2. From July 1985 and from October 1990, families having 1-3 children received allowance for the first and second child, respectively, according to income test. (The data do not include families of employees and of unemployed to whom the allowance was reimbursed.) As of March 1993 the allowance is again paid to all families without income test.
3. From August 2003 and thereafter, a uniform child allowance is paid for every child born on or after June 1, 2003, regardless of his place in the family.
